## ISLAND GARDEN GROUP VISIT FAQ

### Why visit Green Island Gardens?

Green Island Garden is a 20 acre garden in the Colchester district featuring many unique plants, designed for all year round enjoyment. Due to the naturally formed micro-climate Green Island Gardens is able to grow plants that ordinarily struggle survive, we often have temperatures up to 5°C warmer in summer and 5°C cooler in winter - so the snow lasts just that little bit longer. The gardens have been professionally designed by Fiona Edmond, MA Cantab Dip Hons ISGD, with a love for the obscure and unusual plants.

### When is Green Island Gardens open?

We are open 10am - 5pm every Sunday, Tuesday, Wednesday, Thursday & Friday from February 1st - November 30th. We also open every Bank Holiday Monday during these months plus every Saturday between April and August. Group visits are available outside these hours by appointment.

### Where is Green Island Garden?

Green Island Gardens is outside the village of Ardleigh, east of Colchester. The easiest way to find us is via our postcode - CO7 7SP - keyed into a satnav or smart phone.

As mentioned Green Island Gardens is the perfect garden to visit year round. Open for 10 months of the year there is always a new and exciting plant to see.

\* February features snowdrops and hamamelis in the woodland with a wonderful display of scented flowering winter shrubs as well.

\* March/April, bulbs time, plus a wide range of camellias and many unusual woodlanders such as Trillium

\* May is a riot of colour with azaleas and carpets of bluebells and Tulips.

\* June/July/August, the main beds start to fill with colour, peonies bloom, and the water gardens are spectacular

\* October/November fill with colour, thanks to our highly acidic soil the wide range of Acers and other autumn colouring shrubs set the grounds ablaze
