COMPANY IN MEDICAL

## We are

We are only a company that sells genuine products.  
We are doing both wholesale and retail.  
We are trying to make sure that more people can use  
Korean cosmetics as they become a global sensation.

In the future, We will continue to make efforts to advance to  
the advanced market and do its  
best to become a proud company and a proud representative.

We promise that we will continue to work hard to  
improving your beauty and quality of life.

Thank you.

A close-up photograph of a person's lips being coated with a clear, glossy lip gloss. The person's hand is visible, holding the applicator. The background is softly blurred, showing what appears to be a person in a white lab coat, possibly a cosmetic professional. The image is framed by a circular graphic element on the right page.

V CIRCLE are the Korean company  
that aims to export  
medical supplies such as cosmetics  
and fillers all over the world

A new generation of Cross-linked Hyaluronic Acid fillers WONDEREX is aseptic products, highly tolerated, viscoelastic filler made with cross-linked hyaluronic acid, ideal for subcutaneous applications.

Monophasic Cross-linked Hyaluronic Acid fillers WONDEREX is safely injectable, safty, biodegr – adable medical device made with hyaluronic acid created from non–animal sourced bacterial biofermentation. The extremely low concentration of impurity and the bacterial endotoxin rate  $< 0.05$  EU/ml minimise any hypersensitivity reaction.

## What is WONDEREX dermal filler ?

It is a colourless monophasic gel contained in a disposable prefilled, ergonomic syringe with a Luer Lock adapter that makes it easy to handle.

Minimise any hypersensitivity reaction WONDEREX is manufactured under the strict controls of the certficates ISO 13485 and Ministry of Food and Drug Saty by Korea.

WONDEREX has an immediate lifting effect, thanks to it' s intrinsic viscoelastic and hydrophilic properties. The treatment result is very natural and immediatly visible. 24mg/ml concentration Hyaluronic Acid allows reducing any type of deep wrinkles, reshaping the face contour and lips, and hydrating the skin in depth.

## WONDEREX Products

### Product Feature

Effect 01

- High quality HA (registered on \*EDQM)
- Lowest impurity
- <0.05 EU/ml endotoxin

Effect 02

- Monophasic type
- High molecular weight
- High cross-linked rate
- High viscoelastic

Effect 03

- Various product lines
- Natural correction
- Excellent volumizing
- Smooth injectability

Effect 04

WonderRex

WONDEREX Fine / TAKE THE CROWN

### Frequently Asked Questions

## WONDEREX Products

- [Q] How often will I need a treatment?  
[A] People tend to have top-up treatments once they notice the benefits beginning to wear off, usually anytime between 6 and 24 months.
- [Q] Who is suitable for Hyaluronic Acid Dermal Fillers?  
[A] Almost everyone, providing they're not pregnant or breastfeeding.
- [Q] Are there any long-term problems?  
[A] No. One of the real beauties of Hyaluronic Acid Dermal Fillers is there aren't any long-term problems because it's a natural treatment that's safely broken down by the body over time.
- [Q] Are there any side effects?  
[A] You might experience some minor swelling or redness which should last no more than a day or two, or very occasionally up to one week. A tiny proportion of people experience some bruising around the injection site.
- [Q] Are the injections painful?  
[A] The injections aren't painful, because our Hyaluronic Acid Dermal Fillers include anaesthetic called "Lidocaine".
