

XT-Butyl tape

Technical specification

Material	Thermoplastic synthetic rubber IIR/PIB
Widths	15 / 20 / 30 / 45mm
Density	1.65
Thickness	1 / 1.5 / 2mm

Performance information

Reaction to fire	E (Tested to EN 13501-1)
Tensile Strength	24g/cm ³
Resistance to aging	Good, also in hot and humid conditions
Tear resistance	21N/cm ³
Moisture vapour transmission (BS 15106-3)	0.010g / m ² / 24hr at 25°C & 75% RH
Temperature resistance	-40°C - +90°C
Joint movement	Up to 15%
UV Resistance	Excellent
